Company: Bramwith Consulting

Location: London Area

Category: other-general

3 x ETRM Business Analysts – London Trading House - £60-90k
Leading Gas & Power Trading House, focused on renewable energy generation and award winning CSR, seeks 3 x ETRM Business Analysts (1 x Business Analysts & 2 x Senior Business Analysts) to join their Central London HQ. 2 days in the office and 3 days working remotely from home. Salary: £60-90k basic + 30% bonus + benefits
You'll join a dynamic, growing energy trading business with Corporate Social Responsibility (CSR) and protecting the planet through sustainable energy generation as their 2 central pillars. As well as joining a very ethically moral business, you'll also join a business who looks after and supports their employees, which includes a strong flexi-working policy and 3 days working from home (2 days in their Central London office) as standard. The role itself will be to work as either an ETRM Business Analyst or ETRM Senior Business Analyst on their ETRM (Energy Trading & Risk Management) trading platform. It is 100% ESSENTIAL that you have a strong track record and years of commercial experience working in ETRM as a Business Analyst, either on a bespoke internal ETRM system or an external / 3rd party ETRM system (Endur, Allegro, Aligne, Pomax, Trinity, RightAngle, Aspect, EnTrader etc). These 3 x Business Analyst/Senior Business Analyst positions have come about due to expansion as my client grows their trading capabilities further in Europe, meaning an increase in trading, risk, support and ETRM system related work. These are functional ETRM BA roles, so it is essential that you have good ETRM or CTRM business / functional experience and knowledge, with any knowledge of SQL or PowerBI being useful. You don't need specific Gas & Power Trading knowledge (although would be helpful), you could have worked in Oil, Metals, Ags, Softs, LNG Trading Business

Analysis, but be happy/keen to become a Gas & Power ETRM Business Analyst/Senior Business Analyst. My client can NOT and will NOT sponsor visas, so you will need a British or Irish passport or hold a relevant visa (Indefinite Leave to Remain/ILR, EU Settled or PreSettled Status, Family/Spousal Dependent Visa etc) allowing you to live and work in the UK without any sponsoring. For more information, please e-mail through an up-to-date copy of your CV to Ben at jobsBR@bramwithconsulting.co.uk
