AI Engineer/Data Scientist – 6 months

£500 day rate outside IR35

Hybrid role – 2 days a week in Manchester

A market leading Ecommerce brand in the Manchester area is looking for an AI Engineer/Data Scientist to join them on a 6-month contract. The responsibility of this role will be to design, implement and deploy AI solutions that solve complex business problems, coming up with new ways to improve existing infrastructures. This is a hands-on role that requires technical expertise and someone with strong creative problem-solving skills.

Keen to speak to candidates who have the following:

Strong background in Data Science

Previous experience with GenerativeAI systems (i.e ChatGPT, Bedrock, Claude etc)

Passion for developing AI solutions, including hands-on experience with AI frameworks and libraries

This is a hybrid role, working 2 days a week in the Manchester office, so suitable applicants must live within a commutable distance.

Please apply to find out more!

As an industry leading, nationwide Marketing, Digital, Analytics, IT and Design recruitment agency, we are continually receiving new assignments to work on, so keep a close eye on our website, Facebook, LinkedIn and Twitter pages for a full list of current permanent and interim opportunities as well as marketplace news and fun stuff.

Forward Role is operating as an employment agency.
