[Apply Now](#)

Company: Skills Provision

Location: United Kingdom

Category: life-physical-and-social-science

Skills Provision is currently searching for Analytical Team Leaders, they must have extensive protein chemistry experience and analytical supervision/management experience.

Location: United Kingdom

Salary & Benefits

£65,000 pa

Extensive Benefits package available

The Role

The Study Manager is the single point of study control and has overall responsibility for the scientific, technical and regulatory conduct of studies allocated to him/her as well as for the interpretation, documentation and reporting of results. Close and regular liaison with the client is of primary importance. Dependant on experience, the Study Manager may manage complex customer programmes with multiple studies and/or have managerial responsibilities for other Study Managers.

Requirements

Suitable candidates will need proven industry experience working within the field of protein analytical chemistry (management of analytical teams or project management) in a regulatory environment (GLP/GCP/GMP). In addition, experience of client management and technical expertise in a relevant scientific arena is required.

Skills Provision is an ethical international recruitment agency, as such our adverts do not discriminate with regards to age, race, gender, colour, creed, religion, sexual orientation,

disability, and nationality.
