

## Appointed Person Lifting Coordinator

[Apply Now](#)

Company: RSK Group

Location: Glasgow

Category: transportation-and-material-moving

WGM Engineering have an excellent opportunity for an Appointed Person Lifting Coordinator to join our Electrical & Mechanical Division for a position covering the central belt of Scotland on a permanent basis. The overall purpose of the AP Lifting Coordinator role is to plan, coordinate and execute all lifting activities in accordance with electrical and mechanical requirements and business wide when required. You will report direct to the electrical and mechanical delivery manager and day to day will be required to liaise with Electrical & Mechanical Delivery supervisors and teams for lifting requirements.

### **Main duties and responsibilities**

Plan, co-ordinate, implement Lift Plans for all business unit lifting activities whilst keeping the Electrical & Mechanical Delivery Manager up to date with all relevant information.

Ensuring that all personnel involved in all lifting operations have the necessary training, qualifications, and competencies.

Executing lifting operations where and when required in line with the approved Lift Plan in place and everyone involved in the operations has been fully briefed, necessary Tool Box Talks have been issued, everyone fully understands the job and what is required from them, and in turn everyone is signed up to all relevant documents.

On site duties to include Appointed Lifting Person and providing guidance and supervision to the Site Teams who are involved with the Lifting Operations.

Ensure you have an oversight and where required and where necessary are present during lifting operations.

Aid the Delivery Team in the assessment of lifting equipment required for all lifts – Cranes, Hi-Abs, Mechanical Aids, etc and liaise with the companies who supply this equipment and assist with the ordering of it.

Reviewing of Sub Contractor lift plans and ensure that all relevant briefings take place and are understood.

RAMS (Risk Assessment & Method Statements) – Understanding all elements for the planned in works and risks involved and Lift Plan is devised in accordance with RAMS and/ or amendments to RAMS where required to ensure that safe working practices are developed and in place.

Provide reports on completed lifting operations across all our sites.

To be considered for this position you will have at least 2-3 years previous experience within a similar lifting operational role, the ideal candidate will possess Relevant CPCS – Appointed Persons blue card as well as excellent knowledge of safe working systems. A valid UK driving license is essential for the role.

To apply please send an updated cv to the WGM recruitment team for further review
