

Apprentice Resourcer

[Apply Now](#)

Company: The Placement Group

Location: United Kingdom

Category: construction-and-extraction

Are you ready to take the first step towards a long and successful career within an established, market-leading company? Do you enjoy speaking to people, forming new relationships, and making positive changes to the lives of others?

At The Placement Group, we have served the healthcare industry for over 27 years, enriching the lives of our candidates with new job roles and opportunities whilst supplying our loyal clients with the care and dedication that they deserve. Our market-leading teams have been built upon our dedication to our employees, their careers, and their work-life balance. With exciting developments afoot, we are seeking like-minded people to continue our wonderful story.

The Placement Group are hiring keen, sales-driven, friendly individuals to join our vibrant head office as apprentice resourcers; initially responsible for developing our existing candidate database and working with our experienced recruitment team to ensure their clients' staffing requirements are fulfilled. The role provides an essential steppingstone for those with no prior experience to start a successful career within recruitment, and with our clear career path you will be looking to progress into a more advanced role such as a consultant rapidly.

An apprentice resourcer will be enrolled on an apprenticeship training programme working towards a nationally recognised qualification. We enrol our apprentices in either a Level 2 Recruitment Resourcer or Level 3 Recruitment Consultant course, dependent on experience

and qualifications.

The course itself offers you dedicated 1-on-1 training, development and mentorship. This training will allow you to hone in on, and enhance, your individuality and uniqueness - something the company enhances and supports.

We offer you:

Competitive starting salary from £13,400

Chance to work for a forward-thinking company which values and encourages your input and opinion

Dedicated training and development programme

Sponsorship for further educational development

Regular fun company events, team lunches and awards

Market-leading workplace pension scheme

Private healthcare, GP and Health & Wellbeing

Generous holiday allowance

Extra day annual leave for your birthday

Flexible working opportunities

Relaxed, friendly & modern working environment

Casual dress

Many of our most successful sales staff began their careers outside of recruitment, as baristas, customer service reps and nurses, or as school leavers/graduates! With little or no recruitment experience, they came to us with the passion to succeed and they did just that, joining our teams of talented people who have worked hard to get to where they are today.

So, if you consider yourself a passionate individual who is target-driven and ready to start a career with serious earning potential, get in touch! We want to speak to you and help you get started on this journey.
