You'll join a dynamic team ofengineers, sales people, marketers, administrators, designers, assemblers,chemists, web developers, accountants, analysts, programmers and many more.Globally we are united by our shared values that drive our culture. We want tobe an employer where you make our difference.

At WatsonMarlow Fluid Technology Solutions you face different challenges every singleday. You are empowered to dream bigger and work smarter. You have time to liveyour life outside of your job.

We offer a full induction withtraining and ongoing support for all our systems and products. Along with thisyou'll gain access to SSE academy where you can upskill and develop at your ownpace.

Watson Marlow Fluid TechnologySolutions is an SSE PLC Group company (SSE (London Stock Exchange -FTSE 50) is a manufacturer of engineered solutions, employing 8500 peopleacross 130+ operating units globally. We offer a range of fluid handlingsolutions across the biotech and industrial markets.

This role will focus on:

Ensuring compliance with the Company Environmental, Health, Safety and Sustainability Policies reporting any potentially dangerous issues/faults to your direct Team Leader or Production Manager including but not limited to maintaining a safe and clean work environment

To ensure quality products are produced in the required quantity, on time, and at the lowest possible cost, in a manner in keeping with the Quality, Safety, Health and Environmental policies and procedures of the company

Demonstrate a positive attitude to training and personal development

Monitor the performance of the process ensuring maximum output is achieved at all times

Carry out and document the correct quality control checks for each job performed, completing all production paperwork

Work as a team to ensure departmental targets, company targets and customer deadlines are achieved

To be successful in this role, you will need:

Qualifications:

Good level of numeracy and general education

Basic knowledge of computers

Experience:

Manufacturing background and understanding of manufacturing process

Self-motivated individual with a strong work ethic and have a keen eye for detail

Focused on target completion and proven ability to achieve results

Behaviours:

Must possess a positive working attitude

Ability to work well as part of team and communicate with other workers

The ideal candidate for this role will be a self-motivated individual with a strong work ethic and have a keen eye for detail

Closing date:

As a growing and ambitious organisation with a presence in over 60 global locations and

across multiple markets, we can offer you the working environment and support needed to be successful. We are committed to achieving workforce diversity and creating an inclusive working environment. We welcome all applications irrespective of social and cultural background, age, gender, disability, sexual orientation, or religious belief.
