

## Assistant Engineer/ Engineer

[Apply Now](#)

Company: Matchtech

Location: City of London

Category: architecture-and-engineering

Job Title: Assistant / Engineer

Location: Office Location

Experience: 2-3 years

Job Description:

We are seeking a dynamic Assistant / Engineer to join our team. The ideal candidate will possess a Civil Engineering degree or equivalent in a related technical discipline and demonstrate a keen interest in becoming a Chartered Engineer with organizations such as ICE/CIHT or similar. This role offers an excellent opportunity for professional growth and development in the field of civil engineering, particularly in highways design.

Key Responsibilities:

Assist in the design and development of highway projects.

Work collaboratively with senior engineers and project managers to deliver high-quality solutions within set timeframes.

Utilize Civils3D, AutoCAD, and the Autodesk ecosystem for project design and drafting.

Apply knowledge of highway design standards including DMRB, MfS, and LTNs to project

work.

Conduct detailed design tasks under supervision, with a focus on accuracy and compliance with regulatory requirements.

Communicate effectively with team members and clients, both verbally and in writing.

Demonstrate strong numeracy and analytical skills in problem-solving and decision-making processes.

Take initiative and work autonomously when required, while also contributing to a dedicated and collaborative team environment.

Thrive in pressured situations and manage workload efficiently to meet project

deadlines.**Qualifications and Skills:**

Bachelor's degree in Civil Engineering or equivalent technical discipline.

2-3 years of relevant experience in civil engineering, preferably with exposure to highway design projects.

Desire to pursue Chartered Engineer status with a recognized professional body.

Proficiency in Civils3D, AutoCAD, and the Autodesk ecosystem.

Excellent written and verbal communication skills.

Strong understanding of highway design standards and regulations.

Ability to work effectively in a fast-paced environment and adapt to changing project requirements.

Demonstrated ability to work both independently and as part of a team.

Commitment to delivering high-quality work and meeting project deadlines. Our company offers a supportive and inclusive work environment where employees are encouraged to grow and develop their skills. If you are passionate about civil engineering and eager to take the next step in your career, we want to hear from you!
