Company: Fawkes & Reece South

Location: Oxfordshire

Category: construction-and-extraction

Assistant Estimator

We have a fantastic opportunity for an Assistant Estimator to join a highly reputable main contractor based near Oxford. The business prides itself on a history of longevity with its employees, with many progressing through the business from trainee to management level. They undertake projects across a range of sectors including commercial, education (both public and private), heritage and student accommodation, with projects valuing up to £25mil. Many of the projects that they undertake are with repeat clients due to the high quality of work they produce.

Due to an increase in workload for the coming year, they're looking to bring in an additional Assistant Estimator. As Assistant Estimator, you will be working closely with a Senior Estimator to understand the whole tender process and as you progress, will take on your own tenders. Projects are a mix of single and two stage tenders.

In return, you'll receive a salary of up to £40k (dependent on experience) and the opportunity to join a strong pre-construction team which has been praised for their team-work and supportive yet hard-working nature.

This would be a fantastic opportunity for an Assistant Estimator with a couple of years experience who's looking to join a forward thinking business with ample progression

opportunities and even more success stories within the business.

If you think you'd be a suitable applicant for the position or would like to find out more, please get in touch with Abbie Fawkes & Reece Southampton today.
