Assistant Highways Engineer - Ipswich

Our client, a leading Highways specialist, is currently looking to recruit an Assistant Engineer to join their Engineering Solutions team in Ipswich.

You will be part of their Design and Asset Management team who are responsible for providing both highway design and maintenance asset management support across East Anglia.

Your duties & responsibilities:

Developing highway maintenance schemes through identifying defects to determining treatments and producing construction documents

Assist in producing forward programs of highway maintenance works

Assisting in the management and undertaking of highway condition inspections and surveys

Updating and utilizing Asset Management systems

Produce technical reports and other technical output to achieve project outcomes

Undertake site visits, surveys, and investigations

Ensure work is undertaken in compliance with QSE standards and processes

Technical training/supervision of Technicians

Working collaboratively with customers to understand and develop project objectives

Skills & Knowledge Requirements:

Experience in highway maintenance techniques and in identifying pavement treatments and solutions

Asset management and construction experience within the highway sector (ideally at least 5 years)

Understanding and use of asset management systems

Interpretation and analysis of asset data

Experience in undertaking asset condition surveys

Commercial awareness in the delivery of projects

Knowledge of Highways England standards including DMRB & MCDHW

Good knowledge and understanding of Health & Safety & Environment in design and construction

Computer literate on Design software and Microsoft packages

Competent user of AutoCAD & Civils 3D (desirable)

Willingness to work in other UK offices for short-term assignments

UK/EEC driving licence

You will have:

An ability to deliver projects to time, cost and quality targets

Good interpersonal skills

Good communication skills (written and oral)

Good organizational and prioritization skills

Effective team player

Our client offers 28 days' annual leave plus 8 days' bank holiday, a holiday purchase scheme, a referral scheme, a cycle to work scheme, an employee discount platform, a generous Pension scheme, life assurance, and the opportunity to work from home.

If you have the skills and experience required for this position, please apply now!
