

Associate Architect - Revit

[Apply Now](#)

Company: Hunter Mason Consulting Ltd

Location: Oxford

Category: construction-and-extraction

Job Title: Associate Architect

Location: Oxford (with work in London Office as required)

Salary: £60,000 per annum

Company Overview: Join a leading architectural firm operating in Oxford and London, committed to delivering innovative and sustainable design solutions. They specialize in architectural design, interiors, and construction projects across various sectors. They are currently seeking an experienced and highly skilled Associate Architect to join our team.

Position Overview: As an Associate Architect, you will play a key role in architectural design, project coordination, contract administration, and business development. Reporting to the Group Director of Architecture, you will utilize your expertise in building science and technology to manage the design process effectively and deliver aesthetically pleasing solutions. Key responsibilities include technical delivery, project planning, contract management, and commercial activities.

Key Responsibilities:

* Lead the architectural design process and coordinate design team activities for assigned

projects.

- * Manage contract administration and negotiate construction contracts, ensuring compliance with technical and professional standards.
- * Utilize BIM and Revit software proficiently to deliver innovative design solutions and promote technical competency within the team.
- * Mentor and lead project architects and technologists to develop talented architectural teams.
- * Ensure project delivery meets or exceeds client expectations in terms of quality, innovation, and value for money.
- * Collaborate with the Architectural Commercial Controller and Group Director of Architecture to maximize project value and achieve gross margin targets.
- * Develop and maintain excellent client relationships, ensuring timely invoicing and payment of invoices.
- * Adhere to professional codes of conduct and regulatory requirements.

Qualifications and Experience:

- * First and Second degrees, with RIBA Part III or equivalent certification.
- * ARB Certification is essential.
- * Minimum of 15 years of professional practice post ARB Certification.
- * Thorough business knowledge of the architectural field and enthusiasm for design and technical skills development.
- * Excellent experience with CAD, Revit, and BIM software, with a minimum of BIM Level 2

experience.

* Strong negotiation, project management, and client relationship management skills.

* Previous experience in commercial management and contract negotiation within the architectural field.

Educational Requirements and Professional Qualifications:

* First and Second degrees (exempting RIBA Parts I & II) and RIBA Part III or equivalent.

* ARB Certification.

If you are a driven and experienced Architect with a passion for innovation and excellence, we invite you to apply for this exciting opportunity.

How to Apply: To apply for this position, please submit your CV and a cover letter outlining your relevant experience and qualifications.
