Company: Daniel Owen Ltd

Location: Birmingham

Category: construction-and-extraction

### Associate Building Surveyor - Commercial Building Surveying practice - Birmingham

We have an outstanding opportunity in Birmingham city centre with an independent firm of chartered surveyors. They cover a broad spectrum of disciplines including Building Consultancy, Project Management services, Cost Consultancy and CDM / H&S.

This highly dynamic firm works with an impressive range of clients such as developers and property funds offering services in Project Management for New Builds and fitouts, and professional surveying services in dilapidations, acquisitions, landlord and tenant issues and maintenance. The Consultants within their team can all boast wide ranging experience from leading backgrounds and as such they are able to combine an outstanding quality of service delivery with a personable approach.

We're now looking for an experienced Building Surveyor to join their team either at Associate level, or as an experienced Senior Building Surveyor looking for a real career path to the next level. You must have a strong track record as a Building Surveyor in private practice or consultancy and given the seniority of this appointment, would anticipate the successful candidate be MRICS qualified.

The team in Birmingham is very successful and you can look forward to joining a vibrant and enjoyable workplace. They frequently enjoy social functions and charity events as a team

and clearly work well together as a group of property and construction professionals. They also offer an attractive remuneration package including a structured bonus scheme.
