Associate Recruitment Consultant

[Apply Now](#)

Company: Graduate Recruitment Bureau

Location: Hampshire

Category: business-and-financial-operations

A recent winner of Recruiter Magazine's 'Investing in Talent' category. This is a great business for graduates to build a career within specialist recruitment consulting.

This consultancy supports procurement and HR professionals through their entire career life-cycle, recruiting for life sciences, consumer goods, public sector and professional and financial services businesses across the UK.

Associate Recruitment Consultant:

Working in their fast-growing procurement desk with clients such as McLaren and BAE Systems.

You will be working with experienced consultants and managers to successfully source procurement vacancies, sourcing and headhunting professionals, building long term candidate networks, providing career advice, building your recruitment and sector insight.

The training scheme is designed to take you through a journey of having little to no experience to be a successful senior consultant within 18-24 months.

Why We Like It:

- Close-knit team of outgoing individuals where lots of friendships are made and lots of nights out
- Progression is laid out and transparent from entry-level to head of practice. graduate trainees should be promoted to consultant (£25K) within 6 months and to senior (£35K) in 18-24 months if on track
- They give you all the tools to help you to be a success, including a market-leading tech stack, a laptop and mobile phone
- Uncapped commission

- High-performance bonuses
- Funded professional development courses
- Vitality healthcare plan (after 6 months)
- 25 days annual leave, rising by a day per year up to 30
- £50 towards a meal on your birthday
- 4 team away days per year
- Trips abroad (New York, Dubai and Barcelona recently)
- Long term incentive plans for senior level staff

Profile:

- Driving license is necessary due to office location - plenty of parking on site
- Need to be able to get to Hedge End, near Southampton
- Open on degree
- Able to build relationships and communicate effectively
- Willingness to learn
