

Automotive Designer

[Apply Now](#)

Company: Expleo Group UK Jobs

Location: London Area

Category: other-general

Expleo are currently working with an internationally renowned major Automotive OEM, who are looking to recruit an Automotive Colour Designer, responsible for providing modern and innovative colour and material design to new vehicle programmes. This is a contract role based in Central London. Responsibilities of the Designer include:

- Research and develop visual concept proposals with the Colour Group, to provide a unique and innovative perspective
- Utilise the latest Design tools to illustrate the proposals
- Research, develop and propose innovative materials or finishes with suppliers

Qualifications and skills required for the Designer position:

- Ideally Degree qualified in Art & Design or a relevant subject matter
- Technical awareness of relevant material manufacturing processes
- Automotive Industry experience, including knowledge of industry trends
- Ability to challenge and innovate in colour and materials
- Highly creative and innovative
- Excellent communication skills**

PLEASE NOTE ** To meet with current legislation, right to work checks will be carried out to ensure candidates can work in the UK. Regretfully, we are unable to support applications that require sponsorship. ENQUIRIES: If you are interested in applying for the role of

Designer or require further information, please contact: Jacquie

Linton02034797125jacquie.linton@expleogroup.com
