Company: Reply

Location: London

Category: other-general

**AWS Project Manager About Storm Reply:** Storm Reply is the Reply Group company specialised in the design and implementation of innovative Cloud-based solutions and services. Through consolidated expertise and many years of experience in the creation and management of Infrastructure as a Service (IaaS), Software as a Service (SaaS), and Platform as a Service (PaaS) Cloud solutions, Storm Reply supports important companies in Europe and all over the world in the implementation of Cloud-based systems and applications. Storm Reply is Amazon Web Services Premier Consulting Partner since 2014, one of the best Amazon Partners in the world, and one of the few companies to have so many different competencies attested by AWS: Financial Services, Security, Machine Learning, SaaS, Data & Analytics, DevOps, Industrial Software, IoT, Migration, Oracle. Storm Reply is also a partner for AWS Managed Service Provider program since 2013 and AWS Well-Architected program since 2018.

**Role overview:** As an AWS Project Manager, you will have the opportunity to drive and maintain the direction of platform engineering and IoT delivery teams. This involves forging strong relationships with customers at various levels of seniority as well as creating delivery roadmaps and key milestones to track project delivery. You'll love our extensive training and learning opportunities including Scrum, Agile and AWS cloud certifications. Reply encourages career growth and will give you the tools and guidance to achieve subject matter expertise as well as management capabilities.

**Responsibilities:** Lead stakeholder management, project performance reporting, team management, and ensure on-time, budget-compliant deliverables. Create delivery roadmaps and key milestones to track project delivery. Facilitate Scrum ceremonies for project delivery teams. Develop a means to

measure team performance and guide teams to the desired state of performance About the candidate: A minimum Bachelor's degree (2.1 or higher) is required in IT, Computer Science, or in a Technology-related field Experience of co-ordinating technical teams and implementing project management processes and / or tools Working knowledge of Agile and Lean Software delivery methodologies Experience in delivering AWS solutions Reply provides equal employment opportunities to all employees and applicants for employment and prohibits discrimination and harassment of any type regardless of age, sexual orientation, gender, identity, pregnancy, religion, nationality, ethnic origin, disability, medical history, skin colour, marital status or parental status or any other characteristic protected by the Law.
