CONTRACT VACANCIES

I am looking to speak with **Java Developers** to work with one of my clients in the North.

Please find the details below.

Fully Remote

6 months

Outside IR35

£450 P/D

Java, Springboot and AWS essential (must have used Java in most recent contract)

Architecture, IOT, Big Data and use of large systems are all desirable.

There are several positions to fill so if this role sounds of interest or if you know of anyone searching for their next contract then please get in touch!
