

## Backend Engineer - Go, AWS, Terraform

[Apply Now](#)

Company: Inara

Location: Manchester Area

Category: other-general

**Job Title:** Backend Engineer - Go and AWS Specialist  
**Industry:** FinTech  
**Location:** Manchester (hybrid - 2 days a week in the office)  
**The Company:** Join a dynamic and rapidly growing FinTech company in Manchester that is elevating the financial landscape with their products and services. Their innovative banking platform empowers individuals to manage their finances effortlessly. At the core of their success is a passionate team dedicated to excellence, innovation, and positive impact.  
**Why You:** We are seeking individuals who think outside the box and challenge the status quo. You will be joining a team of highly skilled techies who are not only passionate about engineering but also thrive in a collaborative team environment. As a Backend Engineer, you'll play a pivotal role in shaping the way this company positions itself and its products in the market, utilising modern engineering practices.  
**Responsibilities:** Collaborate with cross-functional teams to understand product requirements and translate them into technical specifications. Develop and implement robust backend components using Go. Work closely with frontend engineers using React to ensure seamless integration of frontend and backend systems. Utilise AWS services to optimise performance, scalability, and security of web applications. Participate in code reviews to maintain code quality and ensure best practices. Stay up-to-date with the latest backend development trends and technologies.  
**Qualifications:** Proven experience as a Backend Engineer. Proficiency in Go programming language. Experience with frontend technologies, particularly React. Familiarity with AWS services and cloud-based architectures. Strong problem-solving skills and attention to detail. Excellent communication and collaboration skills.  
**What's in it for You:** Innovative Culture: Be part of a dynamic team at

the forefront of FinTech innovation. Cutting-edge Technologies: Work with the latest technologies, including Go, AWS, and React. Career Growth: Opportunity for professional development and career advancement. Exceptional Work Environment: Enjoy a collaborative and inclusive workplace with a focus on employee well-being. Competitive Compensation: Receive a competitive salary and benefits package. If you are passionate about backend development, thrive in a collaborative environment, and want to contribute to revolutionising the financial industry, apply now and let's start the conversation. This company is an equal opportunity employer. They celebrate diversity and are committed to creating an inclusive environment for all employees.
