Company: Jonathan Lee Recruitment Ltd

Location: Canley

Category: other-general

Jonathan Lee Recruitment is looking for an experienced and collaborative Engineer to join a team working on new technologies in the fields of electrification and powertrain performance in the automotive industry. This full-time Battery Modelling and Simulation Engineer role is based in Coventry and offers a salary of up to £45,000 p.a. and excellent benefits.

As a Battery Modelling and Simulation Engineer, you will join the CAE & Data Science team and cooperate closely with the established engineering team while taking responsibility for internal and customer projects.

In your first few weeks in this role, you can expect to:

Perform data processing and analysis, reporting to internal and customer teams and management

Develop battery and powertrain models and perform thermal and electrical simulation activities

Carry out analysis using 1-D and 3-D modelling techniques as applicable

Present results and recommendation of analysis to stakeholders.

To apply for this Battery Modelling and Simulation Engineer role, your soft skills, expertise and experience should include:

Experience in battery or powertrain modelling and simulation, model correlation & validation against test data

Experience in MATLAB/Simulink/Simscape

Excellent analytical skills with the ability to make clear technical recommendations across multifunctional disciplines

The flexibility to work across multiple projects/locations.

If you're looking to make a positive impact and create change, possessing an inclusive and committed approach, you'll be rewarded with a salary of up to £45,000 p.a. and a generous benefits package.

Please reach out to our team today to apply for this full-time Battery Modelling and Simulation Engineer position in Coventry. We'd love to help you get your next role and enable you to fulfil your professional ambitions.

Due to international travel requirements for the role the client is unable to accept candidates that hold a Visa.

Your CV will be forwarded to Jonathan Lee Recruitment, a leading engineering and manufacturing recruitment consultancy established in 1978. The services advertised by Jonathan Lee Recruitment are those of an Employment Agency.

In order for your CV to be processed effectively, please ensure your name, email address, phone number and location (post code OR town OR county, as a minimum) are included
