Technical Buyer – Engineering – Alton - £32,000 – £36,000

An excellent opportunity has become available for a Technical Buyer to join an established and growing Engineering company.

The Technical Buyer – Engineering will be responsible for:

- * Sourcing and selecting engineering components.
- * ERP system upkeep
- * Supplier relationship creation and maintenance
- * Supplier performance monitoring
- * Diversify the supply chain.
- * Negotiate with current and new suppliers.

The ideal Technical Buyer – Engineering will have:

- * Experience in an Engineering company
- * Sourcing suppliers
- * Negotiating with suppliers
- * BOM (Bill of materials) experience
- * Ability to work with various teams.
- * Worked with suppliers for machined components.

In return, the Technical Buyer – Engineering will get the chance to work with a great business, a great team environment offering full training, hybrid working, career development and Buying Development Support.

If you've got previous Technical Buyer experience in an Engineering company, apply now to find out more.

Technical Buyer, Engineering, Alton, Hampshire, Suppliers, BOM, mechanical, components, supply chain, procurement
