One of our Care Assistants had this to say about Caremark's extra training program:

"I joined Caremark with no experience in care. The training I received helped inspire me as I gained the confidence, I needed to do a great job for their customers. I want to be a paramedic, so these experiences were invaluable and look great on my CV. They enrolled me on my level 3 in Health and Social Care and I have recently completed it. It's nice that a company really takes an interest in its employees."
