Company: Ceredigion County Council

Location: United Kingdom

Category: other-general

About the role

In January , the Welsh Government commissioned e-sgol to conduct a series of live revision sessions for GCSE, AS and A level students. All sessions are held after school hours and are also recorded so that students can revisit them at any time. Carlam Cymru is continuing during /23, with live sessions being made available to students during the Autumn and Spring term.

The sessions aim to enrich students' knowledge in different subjects and to further support the incredible work that teachers are doing in their schools. The live revision sessions are FREE and available to all students across Wales and beyond.

e-sgol is seeking to appoint experienced practitioners from across Wales to deliver and/or facilitate live online sessions which will be shared with schools across Wales. The sessions will support learners to further develop their understanding of different topics/units from various subjects.

Note: We reserve the right to amend the application closing date.

Safeguarding and child protection are key priorities for us. We aim to support vulnerable children and young people to ensure they are as safe as they can possibly be. We and our educational establishments acknowledge that children and young people have a right to protection and will take action to safeguard their welfare. Each member of staff and volunteer is expected to share this commitment, and we will require an Enhanced Check by the Disclosure and Barring Service (DBS), formerly CRB.
