### Mobile Optometrist Role

Optical Express is a provider of ophthalmology services including laser eye surgery, cataract surgery and lens replacement surgery in the United Kingdom and Europe. For over 33 years, millions of patients have trusted Optical Express with their eye care. We are focused on delivering exceptional patient care, outstanding clinical outcomes and continued investment in our people and technology.

A fantastic opportunity has become available for a Mobile Optometrist to provide care to patients from our clinics in the Central Scotland. With access to ongoing training and development opportunities and invaluable support from industry specialists, you will be able to grow and develop within a professional working environment.

**At Optical Express, no two days are the same. Your role will be varied and can include:**

Pre and post-operative consultations for our refractive and cataract surgery patients

Providing clinical support to our ophthalmologists

Providing Essential and Advanced Eye examinations for our patients

### Your package:

We are committed to providing optometrists across our business with rewards and benefits that really make a difference. The fantastic range of benefits you will receive include:

A market leading salary up to £60, plus a mobile allowance.

Salary enhancement through our Performance Pay scheme

33 days annual leave per year, increasing with length of service

Pension Scheme

Private Healthcare

Paid Professional Fees

Indemnity Coverage

Independent Prescribing Sponsorship and Placement Assistance

Access to Optical Express CET courses

Complimentary or discounted Laser Eye Surgery, Intraocular Lens surgery or Lipiflow treatment

Generous Optical Express Friends and Family Discount scheme

We offer an array of flexible working patterns to suit your lifestyle, to include longer hours across fewer days and patterns that support your family or lifestyle commitments. Full and part time opportunities are available. Relocation allowances will be considered.

Optical Express is committed to providing clinicians and patients alike with access to state of the art diagnostic and treatment technologies from a range of market leaders such as Carl Zeiss and Johnson & Johnson Vision.

Full refractive and cataract surgery training will be provided and is delivered by experienced clinicians. To ensure you have maximum support day-to-day in the clinic, you will work alongside an exceptional professional team, as well as having access to invaluable guidance from the Clinical Services team, which includes some of the most experienced optometrists and ophthalmologists in the specialist areas of refractive surgery and cataract care.
