Chief Financial Officer

[Apply Now](#)

Company: Concrete4Change

Location: United Kingdom

Category: construction-and-extraction

We have an exciting opportunity for a chief financial officer to join the c-suite managerial team at Concrete4Change. Job Title: Chief Financial Officer Location: Nottingham

(remote) Remuneration: £150,000 per annum (FTE), a blend of Salary and Share option Start date and end date (approx): This is a permanent position and is available for immediate start.

(Flexible on start date) About us: Concrete4Change (C4C) is a R&D company that is developing a ground-breaking technology to utilise and permanently mineralise CO2 in concrete. To date, C4C raised £4.5 million from private and public investors. The company is partly owned by two of the largest concrete manufacturers in the world, Siam Cement Group (\$17 billion turnover) and Goldbeck GmbH (€7 billion turnover). C4C technology won a wide range of awards including 2021, The most innovative Net-Zero project from UN COP26 Climate Challenge Cup 2021, SDG award from the European technology chamber 2022, Top 10 start-ups from Royal Academy of Engineer (£20k) 2022, Santander X Prize – Global Countdown to Net-Zero (worldwide) 2022, Top 50 start-up award from PWC 2023, Startups 100 2023 Award Winner 2023, Hard Tech Investment of the Year from UK Business Angel Association Job description: As the CFO, you will be responsible for leading the £25 million fundraising of series A by 2026. You will work with the executive team to strategise fundraising, oversee the capital structure budgets, and manage the accounting and finance activities, covering £5 million. Please consider that this position is designed for an entrepreneur and is not a 9-5 job. Person's specifications Essential: More than 5 years of experience in the financial management of startups or venture capitals. Extensive experience leading fundraising or investment for startups - more than £10 million Demonstrated ability to work

collaboratively in a cross-functional environment and build effective relationships with internal and external stakeholders. Desirable: Experience and understanding of deep tech startups Experience with CCUS or net zero technologies. Knowledge of grant applications, and collaboration opportunities within the public sectors. Experience working in deep tech start-ups is highly desirable Benefits: C4C is seeking people who want to do applied science, with an entrepreneurial spirit and use their skills to build a sustainable world. A unique opportunity to work with multi-billion manufacturing partners An exciting opportunity to work with construction and develop technologies for multi-billion pound cement and concrete companies Private health insurance Government backed pension scheme A competitive bonus upon achieving milestones Regular team meals and social events Next Steps: To apply please send a copy of your CV and cover letter
