Company: Coalesce Management Consulting

Location: United Kingdom

Category: other-general

Coalesce Management Consultancy (CMC) have an exciting consulting assignment available for a Senior Civil/Structural Design Engineer to work on a flagship Renewable energy project. This is a 12 month rolling contract and is remote working. CMC provide expert engineering solutions on an international capacity for Energy, Power and Infrastructure projects. Established in 2016, we set out our mission to be the best service-driven consulting business in global STEM markets, and after rapid growth in just a few years, we're already delivering true expertise to major renewable brands and leading companies around the world. By partnering with CMC you get the chance to work with some of the world's leading specialists. From our global offices we support you with each new project, providing a complete scope of work definition ahead of any engagement so you know exactly what's required by the assignment, before you land on-site. As the project is completed we can continue to work with you by setting up your next project from our global network of leading energy companies. Join our latest project. Currently we're looking for an Senior Civil/Structural Design Engineer to work on a 300MW Battery Storage Project to be constructed in the Midlands. Your responsibilities will be:

- Leading civil engineering design capability team, specifically on large scale electrical projects (BESS, Solar PV).
- Develop civil deliverables including site layout, outline design drawings, constructability assessment, risk assessment, and project programme.
- Produce outline work package and scope of work document for contractor to provide pricing
- Liaise with client stakeholders and attend regular client project meetings

Experience: An Honours Degree in Structural / Civil Engineering
Demonstrate strong technical competence, design skills and commercial awareness
Minimum 3 years relevant

experienceExperience in the use of Design Software, Autocad and RevitExcellent team work, communications and organisational skillsThis is a 12 month contract based on an competitive hourly rate (outside IR35), we are looking to onboard someone immediately if their skills and experience are suitable. If you have the relevant capability and are interested in pursuing this assignment, don't miss out and reach out to our consultant Dylan Young - dylan.young@cmcexpertisedelivered.com & T 0161 416 6511.
