

Civil Engineer

[Apply Now](#)

Company: Anderson McQue

Location: Northern Ireland

Category: other-general

Job Title: Engineer - Civil Engineering Specialist Location: UK & Ireland (travel to England and Scotland required) Salary: £55,000/£60,000 per year (Experience dependent) Benefits:- Private health care- Death in service insurance (2.5 times annual salary)- Travel and accommodations provided for frequent travel. About the Company: We represent a leading specialist civil engineering contractor serving clients in the energy and power sectors across the UK and Ireland. Renowned for our commitment to excellence and innovation, we deliver top-tier construction and consultancy services for complex engineering projects. Seeking a skilled Civil Engineer to oversee site management and contractor coordination. Key responsibilities include client relationship management, efficient project delivery within budget, and strict adherence to health and safety standards. The role involves leading site teams, ensuring accurate documentation, and mentoring junior staff. Ideal candidates will excel in communication, project management, and problem-solving. Join our dynamic team to play a pivotal role in successful project execution, fostering a safe and productive work environment. Unlock growth opportunities and contribute to impact infrastructure projects. Apply now to lead and innovate in civil engineering. I am keen to have an initial discussion with anyone who feels this could potentially be of interest. Please contact Carol Dolan at Anderson McQue by sending an up to date CV via carol.dolan@andersonmcque.com to speak further about this opportunity. All conversations will be treated in the strictest of confidence.
