Civil Engineer / Senior Civil Engineer - Nottingham - Up to £45k

Our client, a leading infrastructure design consultancy, specialising in highways and drainage work, is currently seeking a Civil Engineer/Senior Civil Engineer for their Nottingham office. This is a permanent position to join a well established design team, with a salary of up to £45k, depending on experience.

About the Role

As a Civil Engineer/Senior Civil Engineer, you will be responsible for detailed highway design, including S278 and S38, as well as earthworks and drainage, including S104 and S106. Experience using Civil 3D and Microdrainage is essential for this role.

You will have the opportunity to work on a variety of interesting projects and contribute to the growth and success of the company.

Key Responsibilities

detailed design of off-site highway works of all types, including grade separated junctions

Undertake detailed highway design, including S278 and S38

Manage earthworks and drainage design, including S104 and S185

Utilize Civil 3D and Microdrainage for design and analysis
liaison with utility providers about plant diversions and costs
ground modelling and 3D design
foul and surface water drainage strategies and detailed design to roads and sewers
adoption standards
Collaborate with project teams and provide technical expertise
Prepare drawings, calculations, and reports
Ensure designs comply with industry standards and regulations
Monitor project progress and provide regular updates
Contribute to the development and training of junior staff

Job Requirements

Minimum of 5 years of experience in civil engineering
Significant experience in detailed highway design, including S278 and S38
Strong knowledge of earthworks and drainage design, including S104 and S185
Proficiency in using Civil 3D and Microdrainage software
Understanding of relevant industry standards and regulations
Excellent problem-solving and communication skills
Ability to work effectively in a team environment
Chartered or working towards chartership (preferred)
If you are a highly skilled and motivated Civil Engineer/Senior Civil Engineer looking to take your career to the next level, our client would love to hear from you. Apply now to join their dynamic team and make a significant impact in the field of infrastructure.
