

Civil Engineering Project Manager

[Apply Now](#)

Company: FM Conway

Location: London

Category: other-general

Are you looking for your next **Civil Engineering Project Manager** role? Do you have experience within the Civil Engineering sector?

FM Conway is currently seeking to employ an experienced **Civil Engineering Project Manager** to join our Major Projects team. Based from our Head Office in Sevenoaks you will cover projects in Kent and London. This is a full-time role which offers a competitive salary and wide range of benefits.

The Civil Engineering Project Manager Role

As our **Civil Engineering Project Manager** you will play a vital role in planning, executing and finalising the delivery of strategic projects. This will include advising on buildability, health and safety documentation, and the preparation of the tender programme.

Responsibilities of our Civil Engineering Project Manager

- Working in conjunction with the Contracts Manager to ensure that the project is set up correctly, with the appropriate resources allocated for the works, i.e., plant, labour, materials
- Providing support to the pre-contracts team when putting together PQQ's and tenders
- Collating, distributing, and coordinating the handover of pre-tender information to the construction team
- Preparing and assisting in the production of the contract programme
- Identifying and managing project dependencies and the projects critical path
- Managing project timelines, deliverables, and milestones
- Proactively managing changes in project scope, identifying potential issues and devising contingency/mitigation plans accordingly

What we're looking for in our Civil Engineering Project Manager

We are searching for an experienced Project Manager who has a previous background working with civil engineering works. The successful individual will be able to demonstrate their skills in project management, resource planning and budget/cost management. You will be self-motivated, organised, and happy to work under minimal supervision.

What benefits will you receive?

As our **Civil Engineering Project Manager** we will offer you a range of fantastic benefits including career and professional development, 23 days holiday plus bank holidays, car allowance, life assurance, private healthcare, company bonus, opportunities for internal and external training and access to a wide range of shopping discounts through our Rewarding Great People platform. We will also offer you a range of health and well-being benefits including 24-hour advice lines, and support from our in-house mental health first aiders.

A brief introduction to FM Conway and Major Projects Division

FM Conway is a family run business with over 60 years' experience of creating sustainable and innovative transportation solutions. We pride ourselves on our core values, creating a culture around Care, Innovation, Integrity and Excellence. As a family business the heart of FM Conway has, and always will be, its great people and we are always searching for talented individuals to join our family.

Our Major Projects team provide our clients with engineering excellence from design through to completion, across new-build works, heavy structural engineering, deep drainage schemes, earthworks and public realm improvements. From small works to complex projects, our multi-disciplinary capability requires meticulous planning and the delivery of sustainable solutions across the full spectrum of transport and urban infrastructure.

So,
