

CK182851 Staff Nurse

[Apply Now](#)

Company: NHS Grampian

Location: United Kingdom

Category: healthcare-practitioners-and-technical

The Emergency Department at Aberdeen Royal Infirmary is a dynamic, fast-paced clinical environment, providing care for a diverse city population ranging from those who live and work in the culturally vibrant centre to those living around Aberdeenshire. The Emergency Department has excellent working links with Critical Care and Acute Medicine, in-patient surgical teams (General Surgery, Orthopaedics, Plastics) and Obstetrics and Gynaecology. We are evolving our education programme to involve the entire clinical team, have introduced simulation training and all new staff undertake a comprehensive training day. Clinical orientation involves a supernumery shift within the major's area and resus area. We are looking for a highly motivated and enthusiastic nurse with a range of clinical experience, who has professional and personal qualities to support the Senior Charge nurses in the Emergency Department. As a Staff Nurse you will be expected to be a positive and innovative role model, whilst ensuring safe, effective person centred care is delivered in a timely fashion.

We are the North of Scotland trauma centre and have a highly motivated Trauma Team established within the department integrating Emergency Medicine Teams with both Surgical and Intensive Care Unit Specialties.
