Company: Philips

Location: United Kingdom

Category: computer-and-mathematical

Job Title

Clinical Applications Specialist, CT - South

Job Description

Clinical Applications Specialist, CT – South

Share your clinical expertise to help others to use Philips CT systems & solutions to their fullest potential.

Your role:

The Clinical Application Specialist is the product knowledge expert on CT Systems & Solutions; you will add value & improve customer satisfaction by ensuring our customers are achieving optimal use of their Philips CT systems & solutions the best application of protocols and procedures.

Working alongside the Account Managers you will interact with a broad spectrum of stakeholders and customers, holding demonstrations, improving post-sales customer satisfaction, attending, and training at clinical conferences and playing a pivotal role in the ongoing success of the CT business.

You will be at the forefront of innovation, supporting new product launches and educating the sales team on emerging clinical issues, positioning solutions to address changes in the market.

This role offers you the opportunity to work from home, covering customers predominately in London and would therefore best suit candidates living in the **South of England** or with plans to relocate.

From competitive salary, company car/allowance and performance bonus to family friendly policies, flexible benefits and access to Philips University, a career at Philips comes with all sorts of wonderful benefits. Be sure to speak to your recruiter about all the benefits on offer.

You're right for this role if:

You have several years' experience as **Diagnostic Radiographer** are HCPC registered and keen to use your expertise to help develop others.

You're an excellent communicator and a positive relationship builder.

Presenting to customers to share your expertise & passion for the product energises you.

A post graduate certificate in CT would be desirable but not essential. You have a good understanding of the physics in CT that can be effectively communicated.

You hold a full UK Driving License and have a willingness to travel across the territory.

Due to the role working in the healthcare environment, a standard DBS (Disclosure and Barring Service) criminal record check will be required for this role.

If you're interested in this role and have the experiences needed, we encourage you to apply. Learn more about our commitment to diversity and inclusion .

About Philips

We are a health technology company. We built our entire company around the belief that every human matters, and we won't stop until everybody everywhere has access to the quality healthcare that we all deserve. Do the work of your life to help the lives of others.
