An opportunity has arisen for a CNC Machinist to join a multi-talented team of CAD Designers and Toolmakers within a business that specialise in new injection mould tool manufacture, tooling repairs and modifications.

This business offers extensive investment in their employees career paths, including funded NVQ qualifications to assist with progression.

As a CNC Machinist, your duties will include -

Trainee applicants are welcomed, with the roles duties ultimately including;

Producing precision components from drawings using CNC machines

Program, set and operate CNC machines

Clean and maintain CNC machinery and all associated equipment and working area

Liaising with the Toolroom Manager to plan and prioritise the workload around the companies needs and requirements

We are keen to hear from any applicants with -

A mechanical engineering qualification, CNC apprenticeship or equivalent

Experience in CNC machining (Hurco)

Experience in offline programming

Exposure to programming software

Exposure to CAD and 3D modelling (Visi, NCG Cam, Machining Strategist) would be advantageous

An ability to read and understand drawings and models in both 2D and 3D

On offer for the successful CNC Machinist –

A salary £32K - 35K depending on experience (Trainee applicants are welcomed)

08:00-17:00 Mon to Thursday and 08:00-14:30 Fridays

Development opportunities (e.g. NVQ Toolmaker qualifications)

21 days paid holiday + bank holidays

Additional buy back holidays.

Salary Sacrifice Electric Vehicle Leasing Scheme

Death in Service benefit

Health Cash Plan

Based in Oxfordshire, this role is commutable from Banbury, Oxford, Milton Keynes, Bicester, Northampton and all surrounding areas.
