Job description

CNC Machinist Wanted!

Join us as a CNC Machinist, responsible for setting up and operating CNC turning and milling machines. Your role involves ensuring part accuracy, adjusting offsets, and collaborating with the team for efficient tooling setup.

For a skilled machinist, we would offer a starting base salary of £26,112 (rotating shift (earlies and lates) so 20% shift premium on top of this) and then after 12 weeks depending on skills they could progress to any of the below (base salary);

£26,633

£28,161

£29,689

£31,217

Responsibilities:

Collaborate for proper tooling setup

Set and operate CNC machines per instructions

Verify part accuracy and adjust offsets as needed

Obtain and maintain machine approval status

Conduct inspections and resolve issues according to procedures

Be flexible in assisting colleagues and working on various machines

Requirements:

Experience in CNC turning and milling

Ability to read engineering drawings and use measurement tools

Proficiency in computer literacy

Aerospace industry experience preferred

Familiarity with COSHH procedures

Hours:

37 hours per week, rotating shift pattern over two weeks: Week 1: Monday to Thursday, 6am to 2pm; Friday, 6am to 11am
Week 2: Monday to Thursday, 2pm to 10pm; Friday, 11am to 4pm

What We Offer:

Competitive compensation and benefits

Permanent position in a global company

Challenging projects within a dynamic team

Commitment to ethics, safety, and diversity

Support for employee development

Recognition for contributions and achievements

Join us and make your contributions matter in a supportive and inclusive workplace.

Candidate applying to the vacancy will be subject of the background screening
