Company: Recruit Engineering

Location: Leeds

Category: architecture-and-engineering

Job Title: CNC Miller Setter/Operator

Location: Leeds, UK

Are you a skilled CNC Miller Setter/Operator with a passion for precision engineering and a desire to advance your career to the next level? We're seeking a talented individual to join our client's team in Leeds, as a CNC Miller Setter/Operator with a long term aim of training up to programmer level. You will be responsible for setting up and operating CNC milling machines with Fanuc controls, working with a variety of materials including exotics such as Inconel, and producing small batch work to tight tolerances.

Responsibilities:

- \* Training to programme at the machine.
- \* Setting up and operating CNC milling machines with Fanuc controls.
- \* Producing high-quality components from a variety of materials, including exotics like Inconel.
- \* Working on small batch production runs with a focus on precision and quality.
- \* Monitoring machine performance and making necessary adjustments to ensure optimal results.
- \* Adhering to safety and quality standards at all times.

Requirements:

- \* Previous experience as a CNC Miller Setter/Operator, with experience working with either Fanuc or Haas controls.
- \* Proficiency in reading engineering drawings and interpreting technical specifications.

- \* Strong attention to detail and a commitment to producing work of the highest quality.
- \* Ability to work effectively in a fast-paced environment and meet tight deadlines.
- \* Willingness to undergo training to advance to the level of CNC Programmer.

Benefits:

- \* Competitive hourly rate starting at £14.50 per hour, with substantial increases throughout training to programmer level.
- \* Career advancement and training to become a CNC Programmer.
- \* Attractive bonus structure based on performance and productivity.
- \* A supportive work environment with opportunities for skill development and growth.
- \* Convenient location in Leeds with easy access to transportation and amenities.

If you're ready to take the next step in your career and have the drive to succeed in a dynamic manufacturing environment, we want to hear from you.
