### CNC Turner – Programmer/Setter/Operator in Ely

Technique Recruitment Solutions are proud to working with one of the UK's leading centres of manufacturing excellence.

We need a highly skilled CNC Turner to programme, set and run CNC machines with Fanuc based control system. The successful applicants should have served an apprenticeship or gained a high level of experience in machining.

For this particular section of our Turning department you will need experience of some if not all of the following types of machines; Driven Tool, Chuck and Bar.

You must be able to work to tight tolerances and be responsible for the quality of your own work.

You must be able to read and understand complex drawings and have a good eye for detail.

The ability to work well within a team and have good problem-solving ideas is also essential.
