Description

Commercial gas/ HVAC Engineer (Norfolk)

Salary: £45, (inclusive of standby) paid travel time, overtime, call out, 33 days holiday, pension & excellent benefits - including private health care, life insurance

Hours: 45 hours a week - Monday to Friday

Standby / Call Out: 1 in 4

An excellent opportunity has arisen for an experienced HVAC Engineer (gas bias) to join one of the country's leading facilities management companies working in the Norfolk and Surrounding area.

The role will involve traveling around the Norfolk region servicing, maintaining, and repairing a range of commercial heating systems as well as some air conditioning and other associated HVAC plant.

Key Responsibilities:

Carrying out PPM and reactive maintenance across a number of sites.

You will be the first line in all maintenance throughout your allocated sites.

Ensuring that all technical and compliance paperwork is completed and up to date.

Service and repair a range of mechanical equipment, e.g. boilers, fans, pumps, AHU's, FCU's etc

Safe working practices in relation to 3 phase and single-phase electrics and applications

Carry out surveys and complete reports as required by management

Qualifications / Experience:

Essential

ACS Gas - COCN, CIGA, CORT, ICPN, CDGA, TPCP1, TPCP1A

Desirable but not essential:

City & Guilds F-Gas Category 1

City & Guilds 17th or 18th Edition

The ideal candidate:

Will have worked in a similar mobile role traveling around the region from home.

Be able to deal directly with customers and on-site management teams

Have the ability to work at heights, work in confined spaces

A hands-on, can-do and flexible approach to your work

Full Driving License as this is a mobile role
