

Community Investment Partner at One Manchester

[Apply Now](#)

Company: manchester community central

Location: United Kingdom

Category: business-and-financial-operations

One Manchester are passionate about providing good quality homes, great services and real opportunities for customers and communities. One Manchester are more than just a landlord. One Manchester invest in new and existing homes, provide money advice and wellbeing, employment and training support and build strong partnerships to support inclusive growth.

The Community Investment Partner will develop and maintain positive relationships with a wide range of community partners to develop, support and sustain community projects and activities which provide positive outcomes for One Manchester's customers and within our communities.

Working in partnership with colleagues, local organisations and residents, you will help ensure that One Manchester's investment into our diverse communities is inclusive, and effective in making a positive difference to people's lives, helping those who need it the most. Through partnership work, you will build and manage a network to help secure resources and create new opportunities.

One Manchester are looking for:

Excellent networking and partnership skills with experience of developing partnership working and collaboration to bring about tangible benefits for customers and communities

Excellent financial, administration and organisation skills

Good knowledge of statutory and voluntary services at a local level

Good knowledge and understanding of good practice in relation to community development and

/ or place-based regeneration

A commitment to championing inclusion and diversity

Knowledge and experience in supporting the development and growth of community projects

Ability to communicate effectively and work closely with a range of people, including community groups, public sector and businesses

Willingness and ability to work flexibly, including outside normal working hours
