

Company Secretary

[Apply Now](#)

Company: Barclay Simpson

Location: London Area

Category: other-general

Barclay Simpson is partnering with our financial services client to find a seasoned Company Secretarial and/or governance professional to help them look at their current governance and co-sec team and department. This role is being offered as an initial 6 month contract inside of IR35 but could be extended. They need someone who can operate at a very senior level to analyse the department and look at whether there are changes to structures and teams needed. This should be a very exciting project to be part of and will make a lasting difference to the firm. They are seeking someone ideally coming from a highly regulated financial services background the preference being for capital markets or banking experience. The role won't manage people day to day but they need someone who has been part of restructuring departments in the past who can work with the most senior stakeholders in the organisation. They need someone to start in May so will be looking to move quickly. As a result please do submit your CV ASAP for consideration or contact Tom Boulderstone on tgb@barclaysimpspon.com
