

Construction & Engineering Underwriter (London Market)

[Apply Now](#)

Company: Eames Consulting

Location: Manchester Area

Category: business-and-financial-operations

Eames Consulting are working in partnership with a global insurer who are looking to appoint a Construction & Engineering Underwriter in Manchester to support them in the strategic growth and profitable development of their London Market and UK&I book of business. The role will focus on the strategic management and development of traditional CAR/EAR heavy industrial business with wider exposure to Power & Renewable Energy. Involvement in the deployment of capacity, product development, broker management, involvement in risk selection, pricing and horizon scanning. It's essential you have extensive knowledge within the Construction or Renewables space. If interested, please apply or get in touch with Heather Yardley at Eames Consulting.
