

## Construction Manager

[Apply Now](#)

Company: Technical Staffing Resources

Location: Leatherhead

Category: other-general

Technical Staffing Resources (TSR) are the in-house agency and master vendor for KBR who are a leading global engineering, construction, and services company.

KBR support the hydrocarbon and government services markets on six continents. Serving their customers through diverse business units, KBR offer challenging assignments on some of the world's largest and most complex projects.

KBR requires a Construction Manager on a FEED design of the Oil Separation Project for an initial 12 month contract role that has an immediate start.

The role will be based on 5 days a week in the KBR Offices in Leatherhead. Hybrid working may be possible with two days remote.

The role is likely to be outside IR35 but the final decision will be made after a Qdos assessment

. Candidates shall have previous construction support experience for FEED design work, including:

Providing Inputs to the Project Execution Strategy

Development of the construction execution plan

Providing input in the development of the project schedule

Preparing and developing the project modularisation strategy

Conduct site visits as and when required

Developing the project path of construction

Develop organisation charts and staffing plans for the execute phase

Developing temporary construction facility requirements

Technical reviews of contractor bid submissions

Development of site plans for execution phases of the project

Prepare and conduct the project constructability workshop(s)

Participate in project risk reviews

Provide construction input to the various engineering disciplines

Develop the project completions strategy.

Previous FEED experience in a similar role is essential. The position may also require frequent visits to site.
