

Construction Planner

[Apply Now](#)

Company: CSR (NI) LIMITED

Location: Dumbarton

Category: construction-and-extraction

Job security?! Not a word to throw around lightly and you would rightly say no such thing these days. However with long term government contracts that aren't going away anytime soon, you can certainly say these are more stable than most?

Are you a competent Construction Planner in North Glasgow or Dunbartonshire looking to play a crucial role with a thriving group of engineers?

This is a business with one of the healthiest pipelines of work in the sector and are continuing to grow across the United Kingdom. Above average tenure indicates a workforce that is content and a company that believes in its people and invests in them.

An excellent opportunity exists for an experienced Planner or Programmer with minimum 5 years' experience to join a specialist M&E contractor.

The Role:

Reporting to the Director, the Planner will support the company by identifying, controlling and forecasting timescales and resource requirements whilst implementing best practice project planning policy, processes and procedures during the full life cycle of projects from tender through to completion.

Duties:

- * Develop detailed construction plans, prepare tender programmes,
- * Produce progress/program reports in conjunction with Project Managers, QS's
- * Review contractor schedules and schedule risk analysis
- * Programme construction scheduling using Asta PowerProject / Primavera P6 or Microsoft Project
- * Master programming - design, procurement, pre-commencement, construction, commissioning and production of design schedules.

The Candidate:

- * Experienced Construction Planner
- * Experience of using Asta Powerproject, Primavera P6 or Microsoft Project is beneficial
- * Ideally from a main contractor background

For more information or to discuss in confidence, please contact Stevie Haslam at CSR on (phone number removed). Alternatively, to apply, click on the link below.
