Construction Project Manager required to lead £35m expansion project in Kinross  
An excellent opportunity has arisen for an experienced Project Manager to join a leading manufacturing organisation based in Kinross to lead their £35m expansion.

The Project will involve a significant new build coupled with some refurbishment to existing buildings, so will offer a strong technical challenge. The role will involve designing, planning, and implementing projects which deliver the desired outputs as well as establishing, maintaining and controlling project documentation and management information. A high level of contractor and subcontractor management is involved in the role to ensure the correct installation of plant equipment.

Successful candidates will be Degree level qualified (or equivalent) or have significant experience of overseeing multiple business change/transformation/capital projects as Project Manager and have a strong understanding of working with on projects circa £20m+. Excellent leadership, communication and problem-solving skills will be needed, coupled with the technical knowledge and enthusiasm needed to deliver large scale projects. Experience of workforce change and change management would also be beneficial.

This is a long term freelance contract that will likely progress into a permanent contract dependant on experience.

Strong salary package offered.
