

## Contract Business Analyst (Metals Trading)

[Apply Now](#)

Company: X4 Technology

Location: London Area

Category: other-general

Outside IR35 contract  
Role: Business Analyst (Precious Metals)  
Rate: £600-700/d (outside IR35)  
Location: London (3 days per week in office)  
Scope: 12+ months  
A leading organisation in central London are offering the opportunity for a Business Analyst to join their team on a day-rate contract basis, working outside IR35. As Business Analyst, you'll be working on an exciting project to build a full risk management business within the client's precious metals division which will involve full front-to-back change, setting up a new trading desk, enhancing trading applications, increasing client base and optimising the associated operational processes.

**Key requirements for Contract Business Analyst (Metals Trading)**  
The successful candidate will need to be able to demonstrate the following:

- Track record of long-term Transformation Business Analyst projects
- Experience across business, operations and technology transformations
- Strong knowledge of precious metal commodity derivative products
- Good appreciation of the regulatory landscape application to metals trading

The role will be working in London 3+ days per week, with the client looking to line up initial stage interviews from W/C 15th April. The position is assessed as outside IR35, with a day rate range of £600-700/d depending on experience. So if you're an experienced Transformation Business Analyst with proven knowledge and experience around precious metal commodity derivative products, please apply online for immediate consideration.
