Contracts Manager

Location: JK Home Based

Looking for an opportunity to make an impact?

The Role:

We are seeking a Contracts Manager to provide strong commercial, contractual and technical interpretation on contract terms and conditions across one of our key Government programmes. T his is a new role and required due to the volume of change the programme is currently going through.

What you will be doing?

Drafting and negotiation of contractual terms and conditions

Support programme teams to identify commercial risks within contractual documents and able to look for ways to mitigate risks either through recommended mark ups to contractual documents or other risk mitigations.

Leads contractual interactions with the Customer on day-to-day commercial issues

Leads in the identification and preparation of contract change proposals

Review, scrutinise, and develop operational process flows

Ensure that the financial aspects and impact of the contract are clear to all parties

Ensure that all stakeholders, such as administration, operations, and finance understand

and adhere to contractual obligations

Ability to identify and flow appropriate prime contract terms down to supply chain organisation

Develop and maintain good working relationships with the customer commercial/contracts team

Must be a working contract manager, e.g. taking an active role in the performance of the contract and proactively working to identify risks, issues and opportunities and develop and implement strategies to mitigate the risks, resolve the issues and capitalize on the opportunities, and will be willing to cross functional lines to provide support to the programme leadership team when and where needed

Support role in regular, intensive weekly, monthly, quarterly, and annual technical and financial governance meetings (both internal and with the customer) in a fast-paced environment

Ability to operate independently and communicate effectively, both internally, with technical staff, peers, and management as well as externally, with customers, regulators and others

What Does Leidos Need From Me?

A Bachelor's degree in business or a related field, and/or experience including managing large programmes/contracts employing complex business models

Experience providing commercial, contractual and technical interpretation of contracts

Ability to analyse, interpret and identify risks within contractual terms

Strong comprehension of programme technical performance metrics and financial status

Relationship management with customers

Excellent communicator keeping internal management appraised or key commercial issues

It would be favourable if you have:

Experience managing and negotiating contracts with UK Government or Ministry of Defence

What we do for you:

At Leidos we are PASSIONATE about customer success, UNITED as a team and INSPIRED to make a difference. We offer meaningful and engaging careers, a collaborative culture, and support for your career goals, all while nurturing a healthy work-life balance.
