## Contracts Manager VN3785

### Business Area: Eurovia UK

Vacancy Base: Bridgwater

County: South West

Contract Type: Permanent

Hours: 40

Taylor Woodrow is committed to delivering the infrastructure that will support the UK's Net Zero environmental transition, improving the highways network, and enhancing rail infrastructure.

Whether we are delivering small scale improvements or a major project, our success is founded on the teams we build, the relationships we develop, and the engineering solutions that we provide. We have a strong regional presence across the UK, where local people bring local solutions across a range of infrastructure and civil engineering projects as part of long-term frameworks. This is complimented by our ability to deliver major infrastructure projects requiring complex engineering solutions.

Sustainability is at the heart of our approach and we are committed to respecting and protecting the environment in everything that we do. Taking the time to understand and make a positive difference to each community that we work within is an integral part of our work to ensure that our projects leave a lasting legacy. Report to Operations Manager. Be

responsible for schemes across southwest region as required. Manage site teams including staff and operatives as well as supply chain partners. Own client relationships to ensure successful collaboration and delivery of projects. Manage site teams that include Site Managers, Foreman, Site Engineers, directly employed operatives, agency operatives and supply chain partners. Deliver highways and civils projects for multiple clients.

Assist Pre-Construction team with tendering including programme development, cost forecasts and liaising with supply chain. Ensure CDM and internal compliance is being implemented.

Developing and managing contractual programmes, updating cost forecasts, working closely with project quantity surveyors.
