A law firm with offices across the South East of England is looking for someone to work as legal support in their conveyancing department at their Twickenham office. The firm is happy to consider law graduates wanting to make their first steps into a law firm through to legal secretaries or paralegals with very significant conveyancing experience. The role will be full-time, office based, permanent and salary levels up to a maximum of 28k for very experienced conveyancing paralegals/secretaries but presumably will be significantly lower for entry level candidates.
