Successful applicants will join part of a small, enthusiastic, and dynamic team directly contributing to restoring and enhancing native woodlands and reviving woodland culture across the Scottish Borders.

D&G Woodlands: Woodland ACTION Officer

Full time role. £35K per annum (part time/job share can be considered.) Contract until 31 October 2026 - with potential for extension.

Dumfries & Galloway Woodlands is a new initiative with ambitious goals.

We want to provide a local and tangible response to the biodiversity and climate crises, supporting trees, habitats and the people that depend upon them.

Trees are a vital part of what we do and we are now recruiting for a Woodland ACTION Officer to support broadleaf and native woodland creation across the region.

From small projects consisting of a handful of well-chosen trees, through to larger

regeneration schemes that form part of ecological restoration on a landscape or catchment scale, we need someone with experience and love for trees to really help us make a difference!

Objectives of the Post:

- Create and support a pipeline of native woodland creation proposals across the region, drawing upon national and regional funding opportunities.
- Provide advice to landowners and community groups for existing woodland sites.
- To make sure Dumfries & Galloway seizes every opportunity to provide a response to the Climate & Biodiversity Crises.
