## D365 F&O Programme Manager - Outside IR35

United Kingdom

Contract

£950 - £1100 per day

Do you want to be a part of a new D365 F&O implementation?

My client in the energy space is looking for a D365 F&O Programme Manager to head up the start of their greenfield D365 F&O implementation.

This will be a minimum 12 month contract, outside IR35, at a rate of up to £1100 a day.

This contract will also be largely remote, although there is the expectation that you would be able to get into the head office in Edinburgh to meet the team at the start of the contract, and then sporadically throughout the contract whenever the project demands.

Necessary skills:

Previous record of several D365 F&O implementations led successfully

Excellent communication skills, with both internal teams and external stakeholders

Experience working on projects involving onboarding multiple entities onto the same F&O system, preferably on a multi-national implementation

Ability to lead fundamental training on new modules implemented, such as Cash & Bank

Management and Project Management and Accounting

Is this something that interests you?
