Data Scientist | 6 Months | Outside IR35 | Remote

Bristol, United Kingdom

Contract

£450 per day

Position Overview:

We are seeking a talented Data Scientist with expertise in machine learning and natural language processing to join our team on a 6-month contract basis. As a Data Scientist, you will be responsible for developing and deploying advanced ML models and NLP algorithms to extract valuable insights from large datasets.

Key Responsibilities:

Utilize machine learning techniques to design, implement, and optimize predictive models for various business applications.

Develop and deploy NLP algorithms to extract meaningful information from unstructured text data.

Collaborate with cross-functional teams to identify opportunities for leveraging data science to solve business challenges.

Conduct exploratory data analysis to uncover trends, patterns, and anomalies in the data.

Evaluate the performance of ML and NLP models and implement enhancements as

needed.

Stay current with the latest advancements in data science, ML, and NLP research and technologies.

This is a 6-month contract position with the possibility of extension based on project needs and performance. The position is fully remote paying £450 per day Outside IR35.
