Attention Data Scientists! Exciting Opportunity in London! Are you a skilled Data Scientist with expertise in Python looking for a unique opportunity to impact the world of high-end fashion? Our prestigious client, a leading luxury fashion retailer based in London, seeks top talent to join their team part-time. Position: Data Scientist (Python) Location: London, UK (On-site, 2 days a week) Industry: High-End Fashion Retail Key Responsibilities: Utilize Python programming skills to analyze large datasets and extract actionable insights. Collaborate with stakeholders across departments to understand business needs and influence decision-making processes. Develop predictive models and algorithms to optimize various aspects of the business, from inventory management to customer engagement. Present the findings and recommendations to senior management clearly and compellingly. Requirements: Strong proficiency in Python programming and data manipulation libraries (e.g., Pandas, NumPy). Proven experience as a Data Scientist, preferably within the retail industry. Exceptional stakeholder management and influencing skills. Bachelor's degree or higher in Computer Science, Statistics, Mathematics, or a related field. Passion for fashion and a keen interest in leveraging data to drive business success. Benefits: Competitive compensation package. Opportunity to work with a prestigious brand in the fashion industry. Flexible work schedule with the option to work remotely part-time. Professional development opportunities and career advancement potential.
