Company: IDEX Consulting

Location: United Kingdom

Category: business-and-financial-operations

Job description

I'm partnered with an established client to support them with 2 Associate DC/DC Consultant roles which can be based anywhere in the UK

This DC team is unrivalled and is the largest group of DC experts (including governance, scheme design, investment consultants, provider and technical researchers and technicians) in the UK. It's an exciting growth area for the firm who delivers both successful pension and savings solutions for household, blue-chip clients

Interested to speak with Associate DC Consultants looking to step up or those in a DC consultant role currently. Ideally you'll have experience of both contract and trust-based schemes (from a consultancy background).

If you'd like the financial security and brand stability of working for a large corporate, whilst still feeling as though you're making a difference within a close knit, collaborative, low turnover team with a friendly, collective and open culture... please apply now
