

United Kingdom Jobs Expertini®

Delivery Lead

[Apply Now](#)

Company: QuEST Global Services Pte. Ltd

Location: United Kingdom

Category: transportation-and-material-moving

Quest Global is an organization at the forefront of innovation and one of the world's fastest growing engineering services firms with deep domain knowledge and recognized expertise in the top OEMs across seven industries. We are a twenty-five-year-old company on a journey to becoming a centenary one, driven by aspiration, hunger and humility.

We are looking for humble geniuses, who believe that engineering has the potential to make the impossible, possible; innovators, who are not only inspired by technology and innovation, but also perpetually driven to design, develop, and test as a trusted partner for Fortune 500 customers.

As a team of remarkably diverse engineers, we recognize that what we are really engineering is a brighter future for us all. If you want to contribute to meaningful work and be part of an organization that truly believes when you win, we all win, and when you fail, we all learn, then we're eager to hear from you.

The achievers and courageous challenge-crushers we seek, have the following characteristics and skills:

Roles & Responsibilities:

Key Focal point between QuEST UK, QuEST India and the customer for all CPD tasks.

Manage day-to-day Engineering and delivery activities associated with the scope of work within specific fixed price projects assigned to them, to meet customer requirements.

Provision of guidance to the engineering team and management of technical tasks through

the harmonisation of the available resource and skills.

Ensure effective communication of task requirements within QuEST and the Customer.

Track, monitor and resolve dependencies and actions relating to projects assigned.

To develop and manage engineering deliverables to the requirements of the customer and statement of work, including associated project schedule.

The preparation of estimations and solutions, applying Work Breakdown methodologies to Statements of Work.

To manage and maintain technical risk assessments and appropriate mitigations.

Contribute to the development of the technical capability and capacity as required.

Appropriately monitor scope against Statement of Work commitment and identify and manage scope change effectively.

Monitor and maintain personal and company performance objectives. Address performance issues in a timely manner and encourage excellent performance in all aspects of the job.

Adhering to Quality procedures and working with all global customers.

Desired Skills:

Good communication in English (oral & written) & Interpersonal skills

Customer focus - ability to build and develop customer & supplier relationships

Organisational agility

Problem solving ability

Logical thinking

Effective time management

Results driven outlook

DISCLAIMER Due to the nature of work candidates should be UK citizen/ EU Citizen/ Valid work permit holder. For further information contact us on:
