Delphi or C# Software Developer

A well-established software house has an immediate requirement for a Software Developer with Delphi and/or C# or any other OO language to join them.

Location: Home based with occasional visits to Alton, Hampshire – GU34 2PZ

Key Skills: Delphi, C#, OO, SQL, VBScript.

Salary: Circa £60,000

As software developer you will participate in all aspects of the software development process (requirements analysis, software design , coding, unit testing) with an emphasis on writing code.

Key Skills:

- * Delphi or C#
- * SQL, using MS SQL Server databases
- * VBScript (optional)
- * Developing for Windows Applications
- * Degree in Computer Science or related field

It is essential you have good communication skills and can work from home or the office if preferred.
